Dear Skokie Sculpture Park Volunteers,

Many thanks for the wonderful field trip experience over the past few weeks. The students have truly enjoyed being able to expand their knowledge about public artworks. Your staff is highly informative, energetic and upbeat; and the sculpture park is top notch which makes for an excellent public art experience. Through your docents guidance our students not only observed wonderful sculptures but also were encouraged to create their own during the wire-art sculpture project. In addition, the photos you captured of our students during their sculpture park experience are wonderful.

The experience the students had during their time at the sculpture park, with your docents and also with each other were priceless and something that Albany Park Multicultural Academy looks forward to repeating in the future! You all do such a wonderful job not only encouraging appreciation of the arts but also encouraging interaction with art. Keep up the good work.

Once again, many thanks.

Warm regards,

Katie Deegan
Art Teacher,
Albany Park Multicultural Academy

Dear Mr. Holmes and Docents,

Thank you for your time, patience and efforts in helping our students learn about sculpture, shapes, and appreciation of art. The students learned so much and had fun too. The sculptures turned out exceptionally well. The families appreciated them.

Also, the photo collage and individual photos were amazing. Thank you.

We look forward to working with you again next year.

Sincerely,
Esther Kamara
